The Garden Bench: "...You are nearer God's heart in a garden than anywhere else on Earth..."

~~Michele Boyer

A MESSAGE FROM OUR PRESIDENT DOREEN MONTELEONE

What a busy, exciting and rewarding February!

"The Evolution of the American Landscape," the first symposium we co-sponsored with Bayard Cutting Arboretum, was held on Feb. 26 in the Carriage House. Ninety people attended the Arboretum's first significant

educational event. All the speakers were truly outstanding and Lynden Miller, who designed the BCA Four Seasons Garden, even got a standing ovation. The symposium elevated BCA prestige and added funds to the Natural Heritage Trust account which supports the park. Along the way, we were able to promote the benefits of joining BCAHS and gained several new members. Thank you to Tony LaScala, Barbara Renner, Anita Bischoff, Annemarie & Pat Calabrese, Helen Gronus, Diana Baranec and Anna L'Abbate for helping at the event. We couldn't have pulled this off without you!

In collaborative effort with Arboretum staff, we were also to secure \$75,000 from New York State Department of Environmental Conservation's (DEC) to Bayard Cutting Arboretum for southern pine beetle (SPB) recovery. The grant will be used to remove trees infested or killed by SPB, replant with native trees and other plants, and conduct management activities that would make the Arboretum less susceptible to SPB attack. In particular, the grant focuses on Paradise Island at the most northern end of the park.

We've had our first plant sale meeting and everything is going quite well thanks to the experienced guidance of Joan Wiecks. This year's sale will be June 2-3. The orders have been developed for a variety of nurseries we use to provide unique and unusual plants. Several new people have jumped in to help out and we are very thankful for their involvement. There will have volunteer sign-up sheets beginning the next general meeting. The days before the sale, we need help setting up the Lower Carriage House, unloading trucks and pricing plants. During the sale, we need people to answer questions, accept funds, keep the stock orderly, move plants for people, provide refreshments for volunteers, staff a membership table, give tours etc. This is our biggest fundraiser of the year! Please get involved.

See you soon!

Doreen

Quote of the Month: *"In the world at large, people are rewarded or punished in ways that are often utterly random. In the garden, cause and effect, labor and reward, are re-coupled. Gardening makes sense in a*
